

PRIVATELY-OWNED LINES CAN BE LOCATED FOR A FEE

Water, natural gas, and residential electric lines* are usually owned by the utility up to the meter. Some sewer districts own only the mains; others extend their ownership to laterals up to the property lines. The customer typically owns everything beyond these points.

Customer-owned lines usually include any that serve outbuildings, hot tubs, security lighting, pools, and natural gas grills.

The free locating service available through 811 applies **ONLY** to facilities owned by utilities. The diagram below shows a variety of utilities, some owned by the utility and some by the homeowner.

—— Utility Located
 - - - - Privately Located

Those utilities marked by dotted lines, including propane gas lines, are typically owned by the homeowner. Private locating services will mark these for a fee.

Blue	WATER	Red	ELECTRIC
Green	SEWER	Orange	INTERNET and PHONE
Yellow	GAS, OIL, and STEAM	Purple	NON-DRINKING WATER

DON'T FORGET!
 After calling **811**, wait **two full business days** before you begin digging!

Know what's below.
 Call **811.com** before you dig.

* Some electric providers do not locate the line between the transformers and the meter.
